

ST. AUGUSTINE

DISTILLERY CO.

THE SPIRIT OF FLORIDA®

NEW WORLD GIN

◆ ABOUT THIS GIN

Our New World Gin was developed to be the perfect cocktail gin. To make our New World Gin, we start with a cane neutral spirit and twelve botanicals. Some are hand-ground daily and others remain whole to appropriately balance the differences in each of the ingredients. We then macerate and distill the spirit in our botanical pot still. Our distillers make careful head and tail cuts. We bottle it at 94 proof, which allows better preservation of the botanical oils and presents very well when mixed in a cocktail. We believe this to be one of the best gins available.

◆ COLOR

Silver, clear.

◆ PROOF

94

◆ NOSE

Round, citrus entry, bright & clear. The juniper, coriander, and angelica are individually well-established, but support each other in a nice balance.

◆ TASTE

Velvet entry, lots of botanical flavor. Soft, sweet and round. Opens up quickly, coating the whole palate.

◆ FINISH

Citrus, herbs, and baking spices linger on the palate.
