

ST. AUGUSTINE

DISTILLERY CO.

THE SPIRIT OF FLORIDA®

FLORIDA CANE VODKA

◆ ABOUT THIS VODKA

Our Florida Cane Vodka is distilled from 100% Florida-grown sugar cane. We take a neutral spirit and distill it in our pot still. Our distillers make precise head and tail cuts, refining the spirit while leaving hints of cane sweetness. We gently filter the vodka to preserve the cane character and ensure a fresh, full-bodied flavor.

We are not believers in spinning a marketing story about how many times we distill or filter our vodka. Generally, multiple distillations simply refer to the number of plates in a column still, and multiple filters are only necessary if you have flavors you want to remove. We believe multiple distillations are unnecessary if you distill properly and overfiltering removes good and bad flavors alike. Our pot still and careful head and tails cuts allow us to distill once, filter lightly, and provide a great-drinking vodka that truly represents The Spirit of Florida.®

◆ COLOR

Crystal clear, sparkling.

◆ PROOF

80

◆ NOSE

Clean with hints of sugar cane, slight floral notes.

◆ TASTE

Soft, round mouthfeel, pleasant natural sweetness. Hints of anise, white pepper, and molasses.

◆ FINISH

Swift & sweet.
